

Event Production Solutions

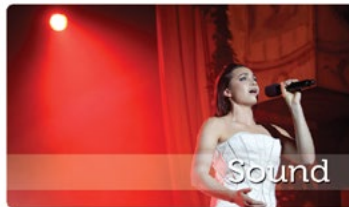

Event Production Specialists

For more than 40 years, White Light has been the premier supplier of lighting and technical production solutions for the entertainment, presentation and event industries across London, the UK, and worldwide. Our customer focus and commitment to quality extends to every project, and across every area of our business. Drawing on a wealth of industry experience, our Events team can provide full technical production services for a wide range of events, supplying you with the equipment, knowledge, and support to ensure complete success for your project.

Our diverse team of highly skilled designers, technicians, and project managers have built a reputation for delivering spectacular results on time and on budget.

Our Services

A Partnership with Real Benefits

White Light provides full technical production services for a wide range of events large and small including:

- Drinks Receptions
- Dinners
- Weddings
- Networking events
- Award Ceremonies
- Conferences
- Exhibitions
- Product Launches
- Campaign Events
- Fashion Shows

We are proud to be an approved technical production supplier at leading venues in London and across the UK including the Unique Venues of London. By partnering with White Light, your venue benefits not only from quality products and the reliable service of our expert team but also from additional marketing and PR support.

Resources and Experience You Can Trust

The White Light Events team is backed by the extensive resources of our hire, sales, installation, and service departments meaning we can deliver even the most complicated events with flexibility and ease. With background expertise in theatre, concert touring, corporate events, film, architectural installations, education, and conferences we can put our experience to work for you. Imagine putting all the power of White Light behind your venue's events.

Personalised Service to Suit Your Needs

At White Light, every project, client, and venue is unique. We aim to deliver personalised production solutions that are not only stunning, but are the best fit for you and your project. With a dedicated Events project manager, you can feel confident you are getting the right solution for every project, every time.

“ We have been working in collaboration with White Light for many years. Always professional and proactive, the team from White Light is a great asset to the events we hold here at the Science Museum ”
