

WHITE LIGHT
LIGHTING • AUDIO • VIDEO

Our Response to COVID-19

Following the latest developments with COVID-19, White Light and ELP would like to offer support from their London and Manchester base.

Due to our 49 years of experience, and constant investment in the very latest technology, we are in a position to address the unique challenges that have arisen. As such, our teams have been busy offering clients bespoke technical solutions to ensure they are able to continue working effectively and safely.

Whilst we are better known for supplying theatre, events, and outside broadcast productions, our equipment and expertise can be used for temporary structures, power distribution networks, temporary TV studios, and safety & emergency lighting.

Lighting Equipment

Whether you require indoor or outdoor lighting equipment, we have a large selection of IP rated kit for rapid deployment at testing sites and temporary structures. We also have a wide range of broadcast lighting for temporary presentation spaces and studios, some of which can even be operated remotely.

Audio Equipment

We currently have a large selection of Digital Radio microphone systems (singles & multiples) IEM/Talk back systems, digital mixers, amplifiers and loudspeakers available to hire for your broadcast audio requirements.

Video Solutions

In order to share important messages, we have a large stock of video conference equipment as well as indoor and outdoor displays, cameras, projection, video walls and more.

Rigging and Trussing

We stock a large amount of truss, handling equipment, access equipment as well as cable ramps, rubber matting and hoists.

Power Distribution

From distro, to UPS units, data cables, data adapters, power adapters, power cable we can power temporary venues.

Mobile Solutions

We also hold in stock a range of laptops and WIFI access points.
